Tomas Britos

Semi Senior Front End Developer and UX/UI Designer

britosstomas@gmail.com (+54) 341 664 2740 Link to my **portfolio**

ABOUT ME

Frontend Developer with **5+ years** of experience building high-complexity **eCommerce and B2B** web platforms. Specialized in frontend performance, accessibility, and user experience, with strong expertise in **React**, JavaScript, **Lighthouse**, **DevTools**, and **Spree Ecommerce**. Focused on creating scalable, efficient, and **user-centered interfaces** for high-demand environments.

PROFESSIONAL EXPERIENCE

Front-End Developer & UX/UI Designer

Web Experto | January 2021 – Present

Hybrid role covering the complete digital product lifecycle, from UX/UI conceptualization to front-end implementation and deployment.

- **Front-End Development:** Built scalable eCommerce and B2B interfaces using React, JavaScript, SCSS, and responsive architectures focused on maintainability and performance.Front-End Development: Technical implementation of approved designs ensuring "pixel-perfect" fidelity. Development of reusable and scalable components using JavaScript and Ruby on Rails.
- **Performance & Accessibility:** Optimized UX and front-end performance through Lighthouse audits, Chrome DevTools analysis, accessibility improvements, and efficient rendering strategies.
- **UI Systems & Product Collaboration:** Developed reusable UI components and collaborated with clients, designers, and stakeholders to transform business requirements into production-ready interfaces.
- **AI-Assisted Workflow:** Integrated AI tools, MCP workflows, agents, advanced prompting, and modern language models into daily development processes to accelerate prototyping, debugging, documentation, and productivity.

Freelance Front-End & UX/UI Projects

Independent Collaborations | 2021 – Present

- **Landing Pages & UX:** Designed and developed responsive landing pages focused on conversion, usability, and visual consistency.
- **Front-End Implementation:** Built modern interfaces using React, JavaScript, HTML, CSS, and SCSS with strong attention to pixel-perfect execution.
- **Client Collaboration:** Worked directly with clients on branding, UI decisions, iterative improvements, and digital product presentation.
- **End-to-End Delivery:** Managed projects from wireframing and interface design to implementation, optimization, and deployment.

EDUCATION

Technician in Graphic Design and Visual Communication (In Progress)

Escuela Provincial de Artes Visuales "Gral. Manuel Belgrano" Nro 3031

Bachelor's Degree in Computer Programming

Universidad Provincial del Sudoeste - UPSO

SKILLS

- Development & Performance: React, JavaScript (ES6+), SCSS, HTML5/CSS3, Redux, Vite, Ruby on Rails, Spree Commerce, REST API Integration, Responsive Design, Web Performance Optimization.
- Accessibility & UI/UX: WCAG-oriented Accessibility (a11y), Semantic HTML, UX/UI Design, Figma, Wireframing, Design Systems, Pixel-Perfect Implementation.
- Tools & Workflow: Git, Lighthouse, Chrome DevTools, Firebase, Agile Collaboration, Component-Based Architecture.
- Innovation & AI: AI-assisted development workflows, MCPs (Model Context Protocol), Prompt Engineering, LLM-based productivity and automation.

LANGUAGES
